PROPERTY MANAGEMENT (1/2)

ALINA GOLEANU

HEAD OF PROPERTY
MANAGEMENT

Alina Goleanu is in charge of the Property Management department in The Estate, the partner agency of Premier Estate, specialized in Residential Property Management and rentals. She is an expert in finding the best solutions for any situations may appear regarding the properties in The Estate portfolio. She leads the consultants team focusing on constantly improving the services' quality. Their clients are both new owners of at least one property in Bucharest and Real Estate investors, resident in 13 countries from the Dominican Republic to Australia. They offer guidance to their foreign clients in order to attune their expectations to the Romanian rental market particularities.

Before joining The Estate team 5 years ago, Alina had 6 years of experience in the hotels industry as Sales and Events Coordinator.

Our business is destined to people who own one or several apartments for rent. We have created a product to ease them from all the worries regarding their properties. Basically, we take over all the administrative issues before and after the renting moment, by managing the apartment on their behalf.

Our services are structured on 3 levels:

1

RENTAL PROCESS OF PROPERTIES

2

PROPERTY MANAGEMENT

3

FINANCIAL ADMINISTRATION

Taxes related to rental incomes (for owners buying as individuals)

Our Property Management team is in charge of all time consuming details that show up after the new tenant enters the apartment:

- following the tenant's payments;
- informing the tenants when the rent and maintenance invoices are due;
- contacting them if they overrun the payment terms;
- sending payment notifications if necessary;
- solving technical problems, with focus on prevention
- keeping constant contact with the tenant on behalf of the owner, in order to have a prolonged rental contract (our average rental contract is 24 months, considering the Bucharest's average of one year)

Regarding the Taxes, our team takes care of declaring the contracts (also addendums, cancellations) at the Financial Administration and sending the amounts to be paid in due time.
